3 Deleting or blocking cookies

For more information on how to manage, including how to control or delete, cookies, please visit <http://www.allaboutcookies.org>.

To provide users with the ability to prevent their data from being used by Google Analytics, Google Analytics has additionally developed the “Google Analytics opt out browser add-on” for the Google Analytics JavaScript. If you want to opt out, you need to download and install the add-on for your web browser via <https://tools.google.com/dlpage/gaoptout> and follow further the instructions provided by Google Analytics.

You can thus delete or block all cookies that are already on your computer and you can set most browsers to prevent them from being placed. If you do this, however, you may have to manually adjust some preferences every time you visit a site and some services and functionalities may not work.
